

NOTIFICATION

It has been decided by the College of Physicians & Surgeons Pakistan in its meeting held on April 9, 2009 to revise the training period for FCPS trainees in Basic Medical Sciences from three years to four years with immediate effect.

It has also been decided that the Basic Medical Sciences candidates already undergoing FCPS training will be allowed to convert their three years programme into the one of four years. For this purpose the trainee should send his/her option without any conditions, through the supervisor to the RTMC and the Examination department of CPSP Karachi.

Dr. Muhammad Sharif
Acting Chief Controller of Examinations
