

## NOTIFICATION

The Executive Committee of the College of Physicians & Surgeons Pakistan in its meeting held on 7.8.2009 has decided that in five dental subjects (Operative Dentistry, Oral Surgery, Orthodontics, Prosthodontics and Periodontology) two years RTMC registered structured training will be required for appearing in MCPS examination and the facility of five years experience to appear in MCPS examination in these five subjects is withdrawn.

However the following categories are allowed to appear in MCPS examination in these five subjects on the basis of five years experience:

- i. Repeaters who have appeared on the basis of five years experience earlier and failed.
- ii. Those candidates who are already registered with RTMC on the basis of five years experience.

Any MCPS candidate in the specified dental subjects on the basis of five years experience will not be registered by the RTMC with immediate effect.
