SUPERVISORS AND TRAINEES **CLINICAL SUPERVISION SURVEY**

Clinical supervision has long been recognized as a valuable and necessary means of facilitating personal and professional development for individuals working in a clinical setting. CPSP trainees are pursuing educational and individual objectives towards achieving the required competencies, in a graded fashion under the supervision of the CPSP training program.

The Department of Medical Education, CPSP is conducting a survey regarding status of clinical supervision in the postgraduate training programs. CPSP approved supervisors and registered trainees are included in the survey. The purpose of this survey is to assess the current status of clinical supervision in CPSP postgraduate training on a national level.

The survey forms for supervisor and trainee can be downloaded from the website. Your cooperation will be an important part of the success of this survey.

It is important that you complete all of the questions in the survey as accurately as possible. You are requested to follow the following steps

- ✓ download the form
- ✓ duly fill the form
- ✓ email the form at dme@csp.edu.pk **latest by August 02, 2010.**

For any further query please contact Dr Tabassum Zehra, Deputy Dean, DME or Mr Abdul Saleem, Assistant Manager, DME at 021-99266436.
