

**PROF. KHALID MASUD GONDAL AWARDED PRESIDENTIAL AWARD
PRIDE OF PERFORMANCE ON 23RD MARCH 2021**

Prof. Khalid Masud Gondal a graduate of King Edward Medical College (KEMC) and a Fellow of College of Physicians & Surgeons Pakistan (CPSP), Royal College of Physicians, Glasgow, American College of Surgeons, is regular Vice Chancellor of KEMU, the prestigious and historical institution of South Asia with 160 years of excellence in medical education.

Prof. Gondal has been Vice President of the College of Physicians and Surgeons Pakistan for four terms 2011-12, 2015-16, 2016-17 & 2019-20. His contribution to the college has been enormous, both at the National and International level where he has represented the College in numerous fora. Due to his efforts, the College has attained recognition as one of the premier Postgraduate Medical Institutions of the world.

Apart from his sterling services to CPSP, Prof. Gondal is also the Vice Chancellor of the Principal Medical University of the Country, the King Edward Medical College.

Around 19000 Alumni of KEMU are serving within the country and abroad. The institution is accredited for Ph.D, CPSP and University postgraduate programmes since decades. Prof. Gondal has over 100 National and International research papers with more than 40 International / National presentations including State of the Art lectures on international forums. HEC Pakistan has nominated him focal person of Research in the subject of Surgery and he has been the judge for National Research Award of HEC. He is among a few academicians who hold post-graduation in Medical Education (MCPS-HPE) and Ph.D in

Medical Education from University of Health Sciences. He is the part of the team who supervised and implemented competency based medical education, revamping curricula and launching of innovative monitoring system i.e. e-log at CPSP level and at university level. Prof. Gondal is a senior faculty member of American College of Surgeons, Advanced Trauma Life Support (ATLS) programme and has represented the country at international forums including Royal College of Canada, UK, Ireland, Australia, USA, Middle East and countries of SAARC region. He has been a major contributor towards signing the MoU's with abovementioned country on behalf of CPSP as DGIR.

He also has the unique honor of being the first regular Vice Chancellor of Fatima Jinnah Medical University. He was conferred the Tamgha-i-Imtiaz award on 23rd of March, 2013 by the President of Islamic Republic of Pakistan.

Prof. Khalid Masud Gondal has the honor to publish History Book of KEMU first time after the establishment of institution reflecting 158 years excellence. KEMU, played a pivotal role in community service in recent COVID-19 outbreak. Thousands of COVID-19 patients were treated in KEMU attached Hospitals and COVID Research is going on in over one hundred projects. As per HEC instruction online teaching and training is a regular feature of University. During COVID-19 outbreak establishment of Telemedicine Department and Tele Outdoor are innovations of the University where thousands of patients are availing this unique facility.

Considering his meritorious services in the field of Medical Education, Honorable President Islamic Republic Pakistan conferred Pride of Performance on 14.08.2020 to Prof. Khalid Masud Gondal, Vice Chancellor, King Edward Medical University, Lahore, and was awarded "Presidential Award Pride of Performance" on 23rd March 2021 in a graceful ceremony at President House, Islamabad.
