

A TRIBUTE TO CPSP FELLOWS, MEMBERS & TRAINEES

In these trying times, it is a matter of pride that, with Allah's help our Fellows, Members & Trainees are playing their full part in the defence of our beloved motherland and are acting as the first line of resistance against the Corona menace, without regard for their own safety. They are steadfast in the effort to turn back the Pandemic and save the lives of our countrymen.

The President and Council of CPSP salute their efforts and urge them to carry on their National Duty to the best of their ability, as they are already doing and show the world that this is indeed their finest hour.
