COLLEGE OF PHYSICIANS AND SURGEONS PAKISTAN

ATTN: POSTGRADUATE MEDICAL TRAINEES.

Advertisements have appeared in the local press as well as a blog by Dr. Bilal Shoaib showing Royal College of Physicians “Medical Training Initiative” regarding recruitment of trainees for training in U.K., wherein an impression is being given that the College of Physicians and Surgeons Pakistan (C.P.S.P) Scholarship is in any way linked with his initiative for which alleged walk in interviews are being held in December.

The CPSP makes it clear that it has nothing to do with the above program or Dr. Bilal Shoaib. Persons taking part in it will do so at their own risk, and will be responsible for the consequences.
